

Project Phase - 2

GROUP: 4

Team Members:

1. **Malla Sailesh** (2021101106)
2. **Manohar Naga** (2021101128)
3. **Naveen Chekkapalli** (2021101025)

Assumptions/Changes Made:

1.Changed Name of an Attribute :-

In **Customer** Entity Type

- **Belong to which City/State/Country to Address**

And Attributes for **Address** are :-

City,State,Country

2. The following attributes are considered **NOT** TO BE COMPOSITE ATTRIBUTES:

1.Hotel :-

- **Name**

- **Location** (we will store the Location as a string)

3. **Hotel Name,Hotel Location** Attributes are NOT Composite Attribute in all the Entity Types that have them. As we store Hotel Name,Hotel Location as strings

Example:

Hotel Name- '**Acqualina Resort & Residences on the Beach**'

Hotel Location - '**3321 Castle, Spring Brooklyn NYC TX**'

Symboling for Subclass:-
